DISCOVERS GERM WHEEL FACTORY

Dr. Archinard's Efforts are
Credited With Success.

NEW ORLEANS YESTERDAY
HELD BENEFIT FESTIVAL

Movement Inaugurated to Completely
Divorce the Health Boards From
Politics.

LACK OF CONFIDENCE
DUE TO CONDITIONS

New Orleans, Sept. 16.—New Orleans took a half holiday today and participated in a monster festival arranged to swell the citizen yellow fever fund. The festival was preceded by a parade that was witnessed by large crowds in the business section. The weather was ideal and a spirit of enthusiasm pervaded the participants, resulting from a belief that the trifling number of deaths being reported in the second half of yellow months indicated that the fight against the fever is almost won.

While nothing has been given to the public concerning the results of the investigations that have been made at the Emergency hospital, Dr. Hamilton P. Jones, who is the surgeon in charge, announced at a meeting of the board of trade that he believed that Dr. Archinard, the eminent local bacteriologist, who has been at work in the laboratory, has discovered the germ of yellow fever. Nothing will be officially published until the investigations are complete. In connection with the emergency hospital, Dr. Jones said that the most expensive equipment had been purchased with the view to its transfer to the permanent isolation hospital when it shall have been established.

No More Politics.

Remarks by Dr. Beverly Warner, Dr. Magruder and others at the same meeting, indicated that as soon as the fever is over a movement will be pressed here completely to divorce the health boards from politics. The president of the state board is now appointed by the governor, and the president of the city board is elected by the city council. It is proposed to ask legislation which will permit the medical societies to suggest the names of physicians, from whom these officers shall be selected. "We all know," said Dr. Magruder, "that there has been a lamentable lack of confidence in our authorities in the surrounding states. We should work in every manner to overcome this condition of affairs. The people of the surrounding states should know that when we report a certain number of cases there are just that number of cases here and no more." Today's report shows some twenty-five new cases of fever and only two deaths.

"THE ISHKODAH"

SCHOOL PAPER WILL BE RE-SUMED BY HIGH SCHOOL PUPILS.

Miss Caroline Ham Will Be Business Manager, While Staff Remains Same As Last Year.

The young people of the high school department at the Washington building are preparing to resume publication of their monthly periodical called "The Ishkodah," which they got out last term and made such a hit with. The paper is devoted to matters of interest around the school rooms, and in addition to furnishing much amusement and pleasure to the publishers, it proved a medium for development of their talent, as well as a financial success; the money being turned into their regular fund for up-building the clubs they maintained. This year the business manager will be Miss Caroline Ham, of North Sixth street, who is one of the most popular scholars at the building, and quite a talented young lady. The staff for this season will be the same as last, in every department, and the young people are now organizing and preparing to get out their initial issue, which is always looked forward to by hundreds of their friends outside the educational circles.

The young students are also arranging to re-organize their literary and theatrical clubs for the coming nine months, and expect to repeat some of the entertaining affairs they gave last winter, at which times large crowds always witnessed their productions.

COMMITTEE MEETS TOMORROW TO START CANVASS FOR BONDS.

Secretary Coons Returns From St. Louis and Chicago—Ladies Did Not Make Weekly Report.

Yesterday morning Secretary D. W. Coons of the Commercial club returned from Chicago and St. Louis, where he has been on business connected with the steel wheel factory project, that looks towards location here of that industry. While in the Windy City he conferred with the factory people and is confident that the city will capture the plant. A meeting has been called for tomorrow morning at 9 o'clock by the committee from the club that has in hand the matter of getting up subscriptions to the fund that will be used in taking the \$100,000 worth of bonds the factory people ask to be floated here, in order to interest local capital to that extent. Later in the week there will be held the mass meeting spoken of in another column, to interest people in the affair.

Open Meetings.

Secretary Coons is trying to urge upon the board of directors of the Commercial club the importance of holding "open meetings" at their headquarters, like is done by the commercial organizations in Louisville, Chicago, and other large cities. At these "open" sessions there is invited the public, and specially those business men not members of the club, so as to interest them in what is going on and enlist their aid in pushing the progress forward. Experience has shown the city clubs that this character of meetings have rebounded to benefit of not only the club, but everybody as well, and many times good suggestions and timely remarks are heard, whereas they would not be considered if the gatherings had not been held.

No Report From Ladies.

The ladies of the Daughters of the Confederacy, and Daughters of the American revolution, did not report yesterday to Secretary Coons what had been done regarding subscriptions to the fund being raised for purchase of a handsome silver service set that will be presented by this city to the officers of the gunboat Paducah, named for this municipality. Several of the prime workers among the good women have been out of the city for the past week, therefore the labor in this regard dropped off a little, but they will start afresh tomorrow and expect to continue the undertaking successfully, until the desired amount is gotten. Already \$400 has been pledged, but they want \$1,500.

START SOMETHING.

Council Going to Make it Hot For Bitulithic People.

Tomorrow night the council holds its regular meeting, and a number of that body stated last evening that during the session there would be made a motion that if the bitulithic people did not get ahead with the Kentucky and Jefferson street reconstruction work and finish it within the time limit placed when the contract was let them, that they be charged for every day they went beyond the time limit, the amount specified when they got the contract. This councilman continued further that it would not be surprising if a movement was started to take the contract away from the people as Paducahans were no fools to be tolerated with by any such unnecessary and unprecedented delays.

FREE FOR SOLDIERS.

Tennessee River Packet Line Gives Boats Over to Veterans.

President I. T. Rhea and General Manager James Koger, of the Tennessee River Packet lines, have invited a large crowd of Confederate veterans to have free use and transportation aboard their line of boats in going between Johnsonville, Tenn. and Shiloh battlefield, where the veterans go to hold their three days' reunion, commemorating the celebrated battle of that bloody field. Many have taken advantage of the munificent offer of the liberal packet line.

Lexington, Tenn., is to have a big street fair four days in next month dating from the 25th.

The Kentucky State Bankers association will meet in Louisville October 2.

HOT PRIMARY

THINGS ARE HUMMING UP IN LIVINGSTON OVER NOMINATION.

Three Weeks From Yesterday There Will Be Held Precinct Conventions in This County.

Attorney C. W. Watts arrived in the city yesterday from Smithland, where he and the other candidates are having a warm campaign for the democratic nomination for county attorney to fill the place made vacant by the resignation recently of Lawyer Everett Butler, who had to resign on account of being afflicted with consumption.

Mr. Butler was chosen the party nominee for that office during the county primary some months ago, but took ill and had to go West for his health. Reports came back from Denver that he was dead, this being last spring, but it was erroneous. When he did come back his doctors advised him to relinquish the nomination for county attorney and go seek health. He did so and now the county democratic committee of Livingston has called a special primary for October 21st to select another nominee.

Besides Attorney Watts, the candidates for the nomination are Fred Cowper, W. I. Clark, O. C. Lasher and G. H. Haplolee. They are all out canvassing the county and a hot fight is on like all the warm political battles in that nest of democracy.

McCracken's Coroner.

The precinct mass conventions to be held in this city and county to select delegates in the coroner's race, are to be held in just three weeks from yesterday, October 7th, which is Saturday. The delegates chosen at these precinct gatherings receive instructions for whom to vote for coroner when the nomination is made the following Wednesday, October 11th, when there is held at the county courthouse, the mass convention for that purpose.

There are several aspirants for the position. This nomination is made to fill a vacancy, just like that of Livingston county, the only difference being that the coroner's nominee, James Crow, died while Mr. Butler is in bad health.

ONE WEEK OFF

K. I. T. LEAGUE HOLDS FINAL MEETING NEXT SUNDAY AT VINCENNES.

Manager Lloyd Goes to Cincinnati Tomorrow For Visit—L. A. L. Club Plays Today.

One week from today there will be held at Vincennes, Ind., the last meeting of the K. I. T. baseball league for the purpose of winding up the business of the organization and bringing matters to a close for this season. President Charles Brown is now preparing for the session where there will be coming up considerable matters for disposal, and they want to get everything attended to before adjournment. It is believed they can transact all before them during the one day's sitting.

Chief Departs.

Tomorrow Chief Harry Lloyd will leave for Cincinnati where he will be gone several weeks visiting relatives. While there he will keep his eye on the situation and close contacts with players for next year. He intends to get the best that money can buy, and have the ensuing season like those in the past, nothing but pennant winning clubs.

Play at Princeton.

The L. L. L.'s go to Princeton, Ky. this morning where they will play the crack amateur team of that place in the afternoon.

Princeton has defeated every one of Paducah's best amateur clubs, including the L. A. L.'s, and now the latter will today try their hardest to recover some of their lost laurels.

Eddie Brahic goes along as catcher, while the balance of the lineup is as follows: William Block, pitcher; Sands, first base; Dargal, second base; Davis, third base; Hugg, short stop; Mix, left field; Decker, center field; George Block, right field and Dickie, pitcher.

The local league park can be procured the local amateurs will have the Princeton team to come here next Sunday.

TEMPERANCE

AN INSTRUCTFUL SESSION WAS HELD BY W. C. T. U. LAST THURSDAY.

Mrs. Norvell Gave Delightful Review, While Mrs. Duley's Recitation Was Entertaining Feature.

The meeting of the W. C. T. U. at the Baptist church last Thursday afternoon was fully up to the standard, in the interest aroused and in the subjects presented for consideration.

Mrs. C. A. Norvell reviewed a late article by Dr. J. H. Kellogg, president of the noted sanitarium at Battle Creek, Mich., on "The Food Value of Alcohol."

Dr. Kellogg began by saying that a proper discussion of this subject necessitated a correct idea of the meaning of the word "food." After considering various conceptions of the term as involved in the celebrated Atwater controversy, Dr. Kellogg defines the word as "any substance capable of supplying energy to the body at the right time and in the right way, and which can be digested, absorbed and assimilated in the body."

He then points out fourteen differences between the effects of alcohol and that of the standard foods, such as bread, potatoes and apples.

A few of these are that when alcohol is used continuously it requires more and more to produce the same effect. This is not the case with the different foods.

When one uses alcohol habitually, he soon has a tremendous craving for it. This is not true of the foods.

By careful experiments it has been shown that alcohol, even in small doses, is a narcotic. If any food should be discovered to produce a similar effect, anxiety in regard to its character would be aroused.

Alcohol in every dose, whether large or small, lessens muscular power immediately. Experiments with a dynamometer have shown that after drinking two ounces of brandy, a man's lifting power will be diminished at least two-fifths. Food increases muscular power within half an hour.

Degeneration of all the tissues of the body is induced by the habitual use of alcohol, while the habitual use of food is essential to a healthy condition of these tissues.

Dr. Kellogg concludes by saying: "Science can err; an error with heavy consequences has been the proclaiming alcohol to be a food and a tonic; but science itself through its progress will correct its errors including the error with regard to alcohol."

Miss Christine Myers read a review of "The Present Status of the Temperance Question."

In Austria last year the government issued 100,000 copies of a pamphlet entitled, "Away with Alcohol." In Great Britain King Edward has declared that wine drinking must cease in the army and urges that water be used in drinking his health.

In Germany, Count Halseker, one of the Emperor's intimate advisers and a total abstainer for twenty-five years has issued a strong protest against the use of liquor by soldiers, declaring that the soldier who abstains is the best man and the best soldiers. He also says that brandy is the worst poison of all but that beer comes next to it in effects.

Similar action is being taken in other European countries while great gains are reported throughout the United States.

Mrs. H. H. Duley read a selection from that charming writer of stories and verse, Eugene Fields, entitled, "Daniel and the Devil." Daniel sells his soul to the devil for the consideration of twenty-four years' service from devil, during which time Daniel requires the devil to establish hospitals and orphan asylums, and to build a fashionable church, to see that none but honest men are elected to office, and many other things along the same lines. The devil grumbles a good deal, but, nevertheless, keeps saying wood until Daniel asked him one day to close the saloons on Sunday. At this the devil sets up a most unearthly howl emitting blue smoke from his nostrils. He positively refuses to do this saying if he did the fires would go out down below and his business would come to an end. So Daniel's soul was saved by this violation of the contract and the devil returned to the nether region like a dog who has had a whipping.

Mrs. Duley so captivated her audience by this rendition that a motion was immediately made and carried that arrangements be made in the near future for Mrs. Duley to give it again before a larger audience.

Every one went home well pleased with the afternoon work.

STRETCHED OUT

TRoubles LAST FROM NEAR JEFFERSON CLEAR UP TO AVENUE.

Den Russell Caught at Mayfield on Charge of Stealing Here—Other Police News.

Fighting continued up Third street both North and South, last evening, and blows were handled all the way from in front of Harbour's department store, north of Broadway up to Third and Kentucky avenue.

A large crowd had collected in front of the Harbour establishment, where a mammoth business is done every Saturday night. Pete Thompson, a colored man, was standing on the sidewalk, when Cicero Anderson, Cecil Schoolcraft and several other young fellows came along. Thompson and Anderson got into a difficulty and the latter was smashed one. For this they were arrested.

Schoolcraft and the others proceeded on up Third street toward the avenue, and when they reached the latter thoroughfare they butted into Reed McCormick and he took a punch at Schoolcraft. They tied up, but the officers untied them and they were arrested also. The balance of the bunch then proceeded on without further incident.

Caught at Last.

Dan Russell was brought here yesterday at noon from Mayfield by Marshal Charles McNutt. He is wanted on the charge of grand larceny, and arriving here was granted his liberty on executing \$300 bond.

April 9th, 1904, Russell and Ed Smith were sleeping together at the St. Nicholas hotel. Smith claims that the other stole \$20.45 and a coat and vest from him and skipped out. Marshal McNutt picked Russell up yesterday at Mayfield and brought him back here to stand trial of the charge, which he denies.

Pugilistic Bout.

Leech O'Bryan and George Butler, two boys, got into a scrap yesterday afternoon near the Postal telegraph office at Second and Broadway, and when the pugilists stopped at ringing of the bell Butler thought he had his face smeared with red ink, the blood was gushing from his nose in such spurts and dying crimson his face and clothing. They were summoned to appear before the police court tomorrow morning.

THE ELECTION

SHERIFF POTTER CALLS COMMISSIONERS TO MEET TOMORROW.

Sheriff Lee Potter yesterday issued a call for the county election commissioners of McCracken county to meet tomorrow afternoon at 1:30 o'clock at the county court house for the purpose of selecting the precinct officers who are to serve during the approaching registration, and also the regular November election. The commissioners are Mr. Lem Ogilvie, democrat, and Mr. William Farley, republican. These two commissioners are chosen by the state. By virtue of his office as sheriff, Mr. Potter made umpire of the election board and votes in the meetings.

The county commissioners select one sheriff, two judges and one clerk for each precinct, and divide the personnel as equally as possible between democrats and republicans. These have supreme control at the respective precincts—they are stationed.

Between now and the meeting the commissioners will look up the party law and see if it is compulsory that they select precinct officers altogether out of the list of names each precinct member of the county and city committees, republican and democrat submit them. Although while nothing of the kind is expected, still if some unscrupulous man should become a member of the city or county committee, he could select a list of names from his precinct containing people who would not be desirable to serve as election officers, and then compel that choices be made from this list, if it was absolutely necessary that those names alone be considered. The commissioners expect the most reliable names from precinct committeemen, but if this is not forthcoming, they would not be adverse to having the power to designate whom they desired, in trying to get honest and fair men from each party.

A CAIRO INCIDENT

Two Negroes Fight With More Than Usual Result

PASSING MAN MORTALLY SHOT AND OTHERS HURT.

George Bruce, One of Rhodes-Burford's Attaches, Innocent Victim of the Row.

MUCH EXCITEMENT AND TALK OF LYNCHING.

Last night shortly after 10 o'clock Mr. George Bruce, clerk at the Rhodes Burford branch establishment at Cairo, was shot in the stomach by a negro named George Martin, who was firing at his antagonist, Tom Mitchell, during a fight at the corner of Sixth and Commercial streets, in the Egyptian city. News of the unfortunate shooting reached here shortly after, with the information that the doctors did not think Mr. Bruce would live.

George Martin and Tom Mitchell fell out over \$3 in money, and Mitchell took a shotgun and struck Martin a blow across the arm, breaking the arm in such a fearful manner that the doctors believe amputation will be necessary. Mitchell then gave the gun to a saloon bartender, from whom Martin got it and chased Mitchell to Sixth and Commercial, which is right in the center of the business district and was crowded with hundreds of people. Martin fired at Mitchell, but the contents of the gun missed the antagonist and landed in the stomach of Mr. Bruce, who was passing at the time. Bruce fell and the first person to reach him was Mr. Peely Burton, the former member of Paducah's fire department, who is now located at Cairo, and was also passing that way at the time.

During the melee another negro named Harvey Williams was shot in the leg, and still a third darky named Charles Brown, was hit in the arm.

Great excitement was caused by the shooting and talk of lynching was indulged in, but this morning early news to The Register was that things had quieted down. Bruce is about 18 years of age and a most popular young business man.

RUN EXCURSIONS

THE RETAIL MERCHANTS' ASSOCIATION HOLDS MEETING TUESDAY.

Inducements Outside Rates Will Be Offered People of Neighboring Towns to Come Here.

Now that the fall season is approaching and business is coming on with a good rush the merchants of this city are preparing to inaugurate a series of excursions into this city from the surrounding towns in order to draw as much trade as possible from the neighboring places. The business men and shoppers of those places every spring and fall go to the large cities to make their purchases on account of the unusually low railroad and steamboat rates accorded them, but as Paducah has grown to be a most important and ever increasing commercial center, the progressive men of here believe that much good can be done by offering inducements to our neighbors to come to this town and do their trading, therefore they have decided to act.

President Charles Weille, of the Retail Merchants' Association, has issued a call for a special meeting of that body of business men at the Commercial club headquarters on South Fourth street, next Tuesday evening at 8 o'clock. At that time they will take up the excursion question and select committees that will arrange with the different railroads and steamboats regarding rates, etc. The committee will also designate the dates these crowds are to be brought in over the respective lines and in fact prepare for everything.

One feature that will probably be adopted will be that of any local merchant paying the railroad fare for every out-of-town customer that comes here on the excursion and buys a certain amount of goods. The custom has prevailed with the big city houses for years and is a great item when there is considered the inducements offered. It is more than probable that the special trains will be run into the city during October and November.

Opening of Levy's New Store

WEDNESDAY, SEPTEMBER 20TH.

This store will open with a thorough and complete line of Ladies' Suits, Coats, Skirts, Waists, Silk Petticoats, Mercerized Petticoats, Fur Sets, Fur Scarfs, Muffs, Near Seal, Seal, Astrachan, Persian Lamb, Krimmer and Beaver Jackets. The lines shown will embrace the product of America's greatest tailors and manufacturers, also including a varied line of Silk, Mohair and Linen Shirt Waists that are made to fit and to grace the form.

Levy's Opening

Doors Open at

Wednesday, Sept. 20, 1905

Doors Open at
8:30 O'clock

EVERYBODY ASKED TO INSPECT THE GREATEST LINE OF READY-TO-WEAR CLOTHES EVER SHOWN IN THIS PART OF THE COUNTRY.

The Week in Social Circles.

Wedding Announcement.

Friends here are pleased to learn that next Wednesday at 8 o'clock Miss Bertha Mertz, of St. Louis, and Mr. Frederic C. Hoerber, of this city, will be united in marriage at the home of the bride, 2315 South Eighteenth street, St. Louis. The nuptials will be solemnized in presence of only the immediate family and relatives. After performance of the ceremony the young people leave on their bridal tour over the country, returning here about October 15. They take up their abode on West Monroe street.

The charming young lady is a talented and accomplished bride of a sparkling, happy disposition that wins the hearts of all. She lived here for several years and is the daughter of Mr. F. G. Mertz, the former conductor on the Illinois Central railroad, who moved from Paducah to St. Louis last year.

Mr. Hoerber is the secretary and treasurer of the Hoerber brewery at Tenth and Monroe streets and came here several years since from Chicago. He is a sterling and progressive business man, who is known to many friends.

Happy Outing on River.

A most charming evening was spent on the Ohio and Tennessee rivers Wednesday night by a crowd of young ladies and gentlemen who enjoyed themselves several hours in skiffs. Those in the party were: Misses Henrietta Koger, Mabel Weeks, Frances Terrell, Reta Coleman, Fannie Coleman, Louise Cox, Irene Scott, Scruggs, of Greenville, Miss.; Marie Cobb, Messrs. David Koger, Grover Jackson, Ed Bringham, Charles Cox, John Brooks, Overton Brooks, John Blecker, John Adams, Frank Davis, Wallace Weil, Arthur Martin, Dewey, Dr. I. B. Howell and Dr. Vernon Blythe.

Happy Theatre Party.

A jolly crowd of young folks were entertained with a charming theatre party yesterday afternoon by Miss Ethel Sights, to witness the presentation of "Titania, The Queen of the Fairies" at The Kentucky for benefit of the Y. M. C. A. The popular hostess entertained complimentary to Miss Elizabeth Atkins who leaves shortly for Washington, D. C., to enter college. Those in the party were Misses Elizabeth Atkins, Sadie Smith, Mildred Soule, Lucette Soule, Elizabeth Boswell, Lucille Weil, Aimee Dreyfuss, Mary B. Jennings, Mary Leigh, Hazel McCandless, Mary Cave, Lillian Abbott, Anna Hayes, Julia Dabney and Dorothy Langstaff.

Postponed Session.

Tomorrow afternoon there will be held at the residence of Mrs. Birdie Campbell, on Broadway, the meeting of the Magazine club intended having last Saturday afternoon, but which was postponed on account of the Y. M. C. A. matinee entertainment at The Kentucky. The session is for the purpose of outlining the program for this winter's literary pursuits to be followed by the club of women, also to fill some vacancies existing in the membership. The first gathering will be held by the regular month.

Ladies' Visitor.

For Charmwood of friends spent a large Wednesday night at the happy evening of Miss Durrett, of home of Miss Pat, as at that time North Seventh street entertained this well known Anna Tom-complimentary to Miss Young. The visiting here from Goldsboro, several happy hours were

games, music, dancing and other pleasures that were brought to a close with a nice luncheon.

Weds at Owensboro.

At 7 o'clock next Thursday morning there will be united in marriage at the St. Paul's Catholic church in Owensboro Miss Adele Payne, of that city, and Mr. Carl Wells, of Paducah. After the nuptials the young folks come here to take up their home, the groom being connected with the firm of J. A. Gosemer & Co.

Organize Cotillion.

The young men of the city are preparing to organize a Cotillion club that will give a series of handsome dances during the coming winter. No club or German existed last winter, but the approaching cold periods will be interspersed with many charming balls by the Cotillion club.

Entertained At Hotel.

At the New Richmond hotel Wednesday evening Mrs. Lena Engert entertained a number of friends with delightful games and music, that were followed with service of dainty refreshments.

(Continued on Page Twelve.)

DON'T WANT MUCH

THE LONE OAK PEOPLE DESIRE THE METHODIST COLLEGE NEAR THEM

Offer Fifty Acre Tract of Land as Site But the Distance Out There is Too Great.

The people out in the vicinity of Lone Oak, this county, have been urging that there be taken the site lying in the Futrell farm, for the new Methodist college that Paducahans are trying to get located here, but that little burg is so far out, and establishment of the institution there would be of practically no benefits to this city, therefore their proposition has discretely been rejected.

The people of the Lone Oak neighborhood are building up quite a settlement out there, and especially since institution of the West Kentucky college, which is quite a nice structure and an important feature for that community. The people out there have offered to buy fifty acres off the Futrell farm and give it for the site of the new Methodist college, but their proposition is out of question, because of the fact that Lone Oak is between four and five miles out from the city, and location there of the college would add no new laurels to Paducah.

The committee in charge of trying to get the institution here, are considering sites right inside the city, or in the suburbs, and do not intend going so far out of town that it will be any distance whatever from the street car lines or other convenient modes of travel, over to the college buildings, if the prize is captured.

Quietly are they going about their work after the sites and the entire committee meets whenever arrangements proceed sufficiently far for Pres. Harry C. Rhodes to call them together.

Self-deluded.

Dumb brutes at wisdom's font, who mar
Its clearness as they drink,
Some men who think they're thoughtful are
Not so thoughtful as they think.
—Catholic Standard.

LITTLE FOLKS

ENTERTAINING PRESENTATION AT THE KENTUCKY YESTERDAY.

Many Witnessed and Enjoyed the Beautiful Scenes and Culmination.

A crowd of between 500 and 600 were at The Kentucky yesterday afternoon witnessing the presentation there by the little folks of the play "Titania, The Queen of the Fairies," and all the spectators were highly delighted at the extraordinarily fine form of entertainment furnished them by the young participants. The play throughout teemed with interesting points and beautiful scenes and the culmination was one of much satisfaction to everybody interested.

Outside the cast that has been published several times, the following little folks took part in the production:

Fairies—Lucille McBroom, Gertrude Lukens, Lela Hovenden, Dixie Hale, Ruth Maret, Flossie Bugg, Nellie Cave, Rosalie Warfield, Idell Derrington, Madeline Cook, Ruth Norvell, Pauline Weikert, Myrtle Hans, Effie Rhodes, Helen Burkholder, Lena Hurst Nerine Parker, Bernice Moonney, Edna Moonney, Elizabeth Weimer, Margaret Bonds, May Bonds, Eliza Hale, Goldie Fields, Georgie Sisk, Nola Knight, Bonner Dodson, Jane Fields, Eunice White, Cora Rhodes, Ruth Mitchell, Pauline Hank, Lotta Briggs, Edith Davenport, Bertha Carter, Marjory Pledge and others.

Hunters—Mark Smith, John Robertson, Robert Bondurant, Vernon Riley, Lynn Vaughan, George Bryant, Edwin Bauer, Wiley Carroll, Curtis Bridges, Fred Earhart, Torrence Gardner, Pittman Harth, William Hubrey, Robert Bordeaux, James Gleaves, Frank L. Scott, Tom Curd, Reed Campbell, Harry Clays, Willie Bonds, David Lewis, Wayne Rye, Faunt Buggs, Alvin Berry, Wilson Gleaves, Ed Bonds, Clyde Mitchell, John Lukins, Thomas Newell, Samuel Winstead, Fred Wahl, Frank Wahl, Armour Gardner, Nelson Soule, Hart Hinkle, Tom Rivers, Tipton Keller and others.

Butterflies—Mildred Anderson, Helen Pullam, Hattie Bauer, Frances Adams, Lillian Puckett, Grace Holland, Lillie Bauer, Lillian Humphrey, Geneva Clayton, Gladys Gilliam, Josephine Weeks, Dora Love, Elwin Berry, Flossie Derrington, Lucille Raleigh, Gladys Warfield, Katherine Phelps, Inez Smith, Mollie Gardner, Beatrice Lassitar, Mattie Stanford, Irene Petter, Nellie Love, Helen Phelps, Nellie Kerthly, Murrell Mitchell, Mary Bailey, Marguerite Hans, Pearl Riley, Anna Bell Glenn, Annie May Jones, Elizabeth Jones, Lora Robertson, Mary Lightfoot, Irma Bryant, Elizabeth Wilson, Lucille Adams, May Adelle Gilson, Annette Malone, Mabel Keller, Dorothy Rowland, Ellen Ratcliffe, Emma Greer, Louise Bonds, Mildred Steward and others.

The cast for tomorrow night's entertainment is:

David, the Shepherd Boy—Mr. Harry Collins.
Abigail—Mrs. David M. Flournoy.
Saul, King of Israel—Mr. John Blecker.
Michael, Daughter of Saul—Mrs. James Weille.
Samuel—Dr. C. E. Whitesides.
First Sentinel—Mr. Ben Matthis.
Second Sentinel—Mr. Cade Davis.
Abigail's attendants—Miss Vera Hubbard and Miss Lucette Soule.
There is a large chorus.
The proceeds for yesterday after-

THE RIVER NEWS

Stages Yesterday.

Cairo	15.3	0.2	rise
Chattanooga	2.5	0.1	fall

Pittsburg	3.6	0.1	fall
Davis Island Dam	5.0	1.0	fall
Mt. Vernon	5.2	0.4	fall
Paducah	6.1	0.1	fall

The Wash Honshell has gone to Pittsburg.

Last night the Warren came back from Cairo and is now lying here waiting until 8 o'clock tomorrow morning, when she gets away on another trip for that city. She is in the Dick Fowler's place.

There got away for the Tennessee river last night the steamer Kentucky. She comes back here again next Thursday night.

Tomorrow night late there should come out of the Tennessee river the steamer Clyde. She lays here until 5 o'clock Wednesday afternoon before skipping out on her return trip.

The Joe Fowler comes in this morning from Evansville and lays here until 10 o'clock tomorrow morning before leaving on her return to that city.

The Henry Harley went yesterday to Evansville and does not come back until Tuesday.

Today the Buttorff comes in from Nashville and gets away at noon tomorrow for Clarksville.

The City of Saltillo leaves St. Louis tomorrow afternoon and gets here Wednesday morning en route to the Tennessee river.

The river continues getting lower and lower, and necessitates many boats pulling out of their trade. This results in good business for the marine ways plants and dry docks, as during the low stages the respective craft have repairs made, as there is nothing else to be looked after.

The City of Savannah is still laying up at St. Louis on account of the water.

The Phyllis Wheatley arrived here yesterday from the Tennessee river in tow of the Grave Veil, and is now lying at the foot of Jefferson street where she will be repaired.

There passed down yesterday bound for Cairo the towboat Ranger.

Inspectors Green and McDonald yesterday examined the steamboat Tennessee and found her in good condition. They expect to return today to Nashville, Tenn.

Supervising Inspector Dorsey, of Louisville, returned home this morning after having finished taking evidence in the cases appealed to him, wherein Inspectors Green and McDonald, of this district had revoked the licenses of Chief Engineer Reynolds and Assistant Engineer McCandless of the steamer Kentucky. Mr. Dorsey has not yet decided the matter, and will thoroughly look into the testimony, before rendering a decision. The licenses of the engineer and assistant were revoked because they carried 200 pounds of steam when the boat was allowed only 171.

Half Caine, when a schoolboy, appeared more likely to become an artist than a novelist, for he was a very clever draughtsman.

Noon were \$151, and nearly all this will be net proceeds for the ladies, as they have to only pay a small rent charged them by the opera house management.

OGILVIE'S.

COUNTY SCHOOLS

REMOVAL OF BUILDING OF DISTRICT NO. 25 CAUSING TROUBLE.

After Tomorrow but One School Will Be Out of Session—The Attendance Small.

Supt. Marvin Ragsdale, of the county schools, yesterday received word from down in the Clark's river section of the county that continued mishaps were piling up while the trustees of district No. 25 were trying to move the big frame school building from its old location to a point nearly two miles over on the Sedd road. The word sent in was that when the contractor taking the job got the building, moved about three-quarters of a mile the rollers on which the structure was being pushed along the road got mired deep in mud and the school house could not be pugged by the men at work. The contractors bethought themselves to try the steam engine used by a threshing machine and tying this onto the building tried it a round, but the structure was obstinate and would not go forward an inch. Ten yokes of oxen were then fastened to some log chains which were tied around the school house. The strong beasts put forward all their strength and broke the chains, but still the building remained in its mired condition. This seemed to be the last resort as word coming in is that the contractors have the job of moving the school do not know what to do, and think they may have to wait for the mud to dry up. Pending the removal of the building the school children of that district have not resumed their studies, but will just as soon as the building is gotten to its new location, which is nearly one mile from where it mired up.

This is the district where the muddle came up last summer, the trustees wanting to move the building and the superintendent being opposed to this. Prof. Ragsdale removed the trustees and put others in their place, but the latter carried the matter to the courts and there won their contention, and are now moving the building. Their desire for moving the house was to put it in a more central place in that district where its distance would be equalized as far as possible from the surrounding homes of patrons.

Meiber School Starts.

The county school at Meiber will start tomorrow, as the pupils have now gotten the right books. Last Monday that school did open but after the children had reached there the professor found they had brought books used last year and did not have the new ones that have to be studied this year, according to the outline by the state authorities. This oversight on the part of the little ones necessitated dismissal of the school last Monday so they could supply themselves with the proper books. Now they come back tomorrow and take up their studies.

About 30 per Cent

Supt. Ragsdale, of the county schools, has not yet figured over the reports of attendance in full, but thinks from the outlook that about thirty per cent of the children of the rural districts are attending school. All the schools will be running just as soon as Meiber opens tomorrow and the district No. 25 is moved to its new site.

School Teacher Builds

Prof. W. A. Middleton, of the county schools, has bought him a lot at Lone Oak, four miles out from this city on the road that goes by Wallace park. He is now preparing to erect a nice residence there and take up his abode.

WHIPPED HIS WIFE.

Neighbors Interfered When Bud Tucker Became Too Severe.

Mr. Amos Rickman, of several miles beyond the Maxon's Mill section of the county, was in the city yesterday morning and stated that the night before Bud Tucker, a white man who lives a short distance down the road gave his wife a fearful beating, and evidenced such cruelty towards her that the neighbors had to go down and warn him that if he ever repeated such a thing that they would make it hot for him. This had the desired effect, and Tucker quieted down like a little lamb.

The wife is a frail woman, only sixteen years of age, and married Tucker last year in Marshall county.

No Wonder!

(Tit-Bits.)

An English servant of one of our great houses much astonished the family minister, who had called to make inquiries on the occasion of the birth of a child.

"Is it a boy?"

"No, sir."

"Oh, a girl?"

"No, sir."

The inquirer gasped and the servant continued with dignity:

"Madam has give birth to an heir."

ERECT FLATS

MRS. BETTIE BUCKNER LETS CONTRACT FOR SUCH BUILDING.

The Contractors Report the Best Season of Work for Several Years Past.

Mrs. Bettie Buckner has awarded to Contractor William Lockwood, the work of erecting a two story brick building containing four flats, at fourth and Monroe streets, where now stands the old frame Murrell residence that is to be torn down to make room for the other. There will be four rooms to each flat and the building will cost between \$7,000 and \$8,000. Mr. Wilkerson now occupies the old Murrell homestead as a boarding house, but will vacate just as soon as he can find another suitable place. Work of tearing down the frame then starts and the flat structure commenced as quickly as possible.

Excellent Season.

The contractors of the city report that this spring, summer and fall have proven the best for many years in their line of business, as every man has had more than he could properly look after, and things have surely been of a boom in the building circles. Some very substantial and creditable structures have gone up and this bespeaks well for the constant, steady and rapid commercial growth of the city.

Two Months Yet.

Ordinarily the brick yards of the city close down sometime in the first of October, as by that time they have enough brick in hand to run them through the balance of the season. The building now on is so voluminous that one of the brick men yesterday said they would run at least two months longer, and probably not close down their kilns and quit burning brick then.

TOBACCO DEAL

COL. MIKE GRIFFIN SAYS NOTHING HAS BEEN DONE AS YET.

If Negotiations Go Through Bulk of Weed Will Be Taken From Clarksville District.

Col. Michael Griffin, the tobacco buyer of the Murray district for the Italian government, yesterday stated that as yet nothing had been done at Hopkinsville by Messrs. Ferigo and Dunnington, who are the principal representatives in the United States for the tobacco buying department of that foreign country, and who have been in the city mentioned in conference with Mr. Ewing, of the Farmers' Association, which is trying to sell the Italian people about 8,000 hogheads of tobacco. Mr. Griffin was over at Hopkinsville himself with the others the first part of last week, and returned here to his home, but left his partner, Mr. Barnett, still there, and just as soon as anything is done information to that effect will reach this city.

Mr. Griffin is of the opinion that if the deal is made it will provide that the Italian people are to take the bulk of the 8,000 hogheads from the Clarksville district, therefore the negotiations if successfully carried out will not have any direct bearing upon the districts of Paducah and surrounding cities, and the buying will continue in West Kentucky and West Tennessee just the same as heretofore.

Mr. Barnett will come over from Hopkinsville tonight and be and Mr. Griffin will go to Murray tomorrow morning to continue buying there, they representing the Italian government for that district.

The representatives of the Farmers' Association have left Hopkinsville after making their proposition to Messrs. Ferigo and Dunnington, while the two latter are still there going over tobacco samples and deciding what shall be done.

DIED OF MALARIA.

Mr. G. P. Moore Passed Away Yesterday Morning—Russell Child.

Yesterday morning at 5 o'clock there passed from life Mr. G. P. Moore at his home 1020 Tennessee street, after an illness with malarial fever.

The deceased was 46 years of age and a sawyer by profession, well known to many people. He is survived by a wife and six children.

The remains were interred yesterday afternoon at 4 o'clock at Oak Grove cemetery.

Infant Died.

The day old infant of Mr. and Mrs. R. R. Russell, of 1647 Clay street, died yesterday morning and was buried in the afternoon at Oak Grove cemetery.

Mrs. Victor Van de Male has returned from visiting in Texas.

AMERICAN INN

CANDY BOOTH AND SODA FOUNTAIN TO BE MAINTAINED ALSO.

Yesterday Matrons Were Chosen Who Will Daily Have Charge of the Inn.

The Charity club, which has charge of the American Inn during the carnival next week at Twelfth and Trimble streets, has decided to maintain underneath the tent a candy booth and also a soda fountain, but as yet it has not been arranged what ladies of the club will have charge of this feature each day. Several matrons will be designated for this duty daily, and they will select the assistants who are to help them sell candy and serve soda water and such drinks. These selections will be made within the next few days.

Yesterday Miss Cornie Grundy, the club secretary, named the ladies who are to have charge of the Inn each day during the week. They will be as follows:

Monday—Mesdames Birdie Campbell, Bettie Buckner and Daisy Walters.

Tuesday—Mesdames Henry E. Thompson, Samuel H. Winstead, David CanCulin and Frank Fisher.

Wednesday—Mesdames Jake Walterstein, Louis Levy and L. Benedict.

Thursday—Mesdames Victor Voris, Thomas C. Leech, Oscar Gregory and Mrs. Hicks.

Friday—Mesdames A. R. Meyers, Robert L. Reeves and Ben Weille.

Saturday—Mesdames James P. Smith, Charles J. Kiger, Lineus Orme and Charles B. Hatfield.

These ladies will each day select the young women who are to help them care for the patronage of the Inn.

The Inn promises to be a most popular place, supported by everybody, as merchants and all others are making contributions of money, groceries and in fact anything that can be sold there. The ladies desire that all do something for the Inn, no matter how small, as every bit helps, and they want to make it the most successful American Inn ever conducted.

Sir Henry Irving will devote his time to the writing of his autobiography as soon as he retires from the stage.

NEW HARDWARE HOUSE

We have just opened an up-to-date and well stocked hardware department for our establishment, and are carrying a mammoth stock recognized as one of the finest in the state. It includes

Stoves, Base Burners, Cuttlery, Tinware, Woodenware, Granite ware, Carpenter and Brick-mason Tools. Wire Nails, Builders' Hardware, and in fact a line of goods equal to that carried by the leading houses of the country.

Being buyers in large quantities, and on a basis with leading houses, we are in position to give the best for the least money.

Dont buy before calling and seeing our varied stock.

E. Rehkopf Saddlery Co.,

109 South 2nd Street, Paducah, Kentucky.

FINISH ONE ROAD

CONTRACTOR WILL YANCEY FINISHES THE MAYFIELD ROAD.

Tomorrow His Men Start to Work on the Wadesboro Road at Florence Station.

Yesterday Contractor William Yancey completed the work of grading and graveling the Mayfield road from the place where the connecting pike leaves the main Mayfield road near Eden's hill to the point where it again joins the main thoroughfare at Champy's bridge. At the hill there is a branch road which leads off from the original road, and after going a mile through adjacent woods comes back and joins the old highway at the bridge mentioned. It is about one mile in length and the contractor has been working on same for some weeks.

Tomorrow Mr. Yancey begins on the Wadesboro road and improves that with gravel and grading for a distance of about three miles. He starts at Florence Station and runs the gravel over to Hard Money, which is near the line dividing McCracken and Graves county. It will take several weeks to complete this work which will give that section an excellent graveled outlet.

Work has been started on all the other gravel road work being done out in the county under the direction of Supervisor Bert Johnson, and by the time cold weather comes he believes he will have completed the thirty miles of new road laid out. The crews of laborers are working at about one dozen places over the county and things are getting busy.

Resented Imputation.

"Have you calves' brains?" asked the customer in a cheap restaurant. "Aw, now, quitcherkiddin'," said the waitress. "Another customer wanted to know if I had frogs' legs. You fellers are gettin' too fresh." Milwaukee Sentinel.

The Reward of Head-Work.

For several days the policeman on the beat had observed a small boy who spent the most of his time lounging near a downtown street crossing, and seemed to have nothing to do. One morning he accosted him.

"Tommy," he said, "or whatever your name is, you do entirely too much loafing round here. Hadn't you better be at home?"

"I ain't loafin'," indignantly replied the boy. "I got a reg'lar job here."

"You've got a job. What is it?"

"De guy wot owns dis store pays me a dollar a week for keepin' de crossin' swept clean."

"But I never see you doing any work," said the policeman.

"Course not," returned the boy. "I take de money an' let out de job for go cents a week to de kid wot's out dere sweepin' de crossin' now. He gits his pay reg'lar an' don't have to do no headwork huntin' jobs."

Youth's Companion.

It is proposed to erect a memorial to the late Prof. Emerich Messel in the agricultural experiment station at Vienna, with which he was connected for more than twenty years.

ANNOUNCEMENTS.

The Register is authorized to announce HARRY S. ALLEN as a candidate for Coroner of McCracken county, subject to action of the democratic precinct conventions to be held Saturday October 7.

SIXTEEN PAGES TODAY

Municipal Ownership.

Because The Register has been an advocate of the city owning a water and light plant some of the stockholders in those concerns undertake to class the editor of this paper as a socialist. We doubt if any one has less patience than we have with the teachings of socialism and there is a gulf established between us and the doctrines they advocate, and when any stockholder of the Paducah Water company assumes to place us in that class he but shows his ignorance of either socialism as preached today or the opinions of this paper. And having satisfactory reasons to know that the attitude of The Register on the subject of municipal ownership is too well known in this community to admit of any intelligent man to be ignorant on that line, we will charitably attribute the error to a lack of knowledge on what constitutes socialism; and life being too short to define its teachings we would pass that proposition and reiterate our former expressions upon the subject of municipal ownership and to again emphasize the fact that our belief in that direction extends no further than the public ownership of water and light plants, and there we are pleased to stop and to say that no stockholder in such corporations can by facts or figures demonstrate that municipal ownership of water and lights is inimical to the public welfare and interest, but on the contrary all statistics of municipal plants honestly conducted show a vast profit to the city and a great saving to taxpayers and consumers.

Water and light plants, honestly conducted, whether owned by a city or individuals, yield enormous profits, and where dishonestly conducted, no matter by whom, the investment yields poor returns to the owners. Statistics will show that under private ownership just as much grafting and thievery abounds from the president on down to the collector as can be found in the management and conduct of those utilities under public control. Cities are just as competent to conduct such plants as private owners are. An All Wise Providence has so arranged it that all of the intelligence, honesty and business acumen do not repose in private ownership, and it is but silly rot to talk of graft in public affairs and fail to mention the rake-offs that many officers and employees of private concerns obtain in making purchases for their stockholders, to say nothing of watered stock deals and the sums of money paid out to corrupt public officials. Like a thief in the night many private corporations operating public utilities indulge in the most corrupt practices of the age; not satisfied with an enormous profit from their consumers, they bribe and corrupt their public servants for still more favors by which the revenues of the concerns may be increased. If any of the corporations in Paducah have at times paid out money or fa-

vors to bribe public servants, we wish to ask the stockholders in such concerns the point blank question, "Do you think such methods are any better than those employed by a common thief?" The thief like the business man is out for the dollar, and every dollar not obtained honestly, as dishonestly obtained. The opportunities for graft under municipal ownership are not many, and the sums so obtained by the officials in charge can never compare with the great sums paid by private corporations to bribe public servants or to carry elections.

Water and lights are just as essential to a city's welfare and existence as that of a police force, fire department or any other branch of the city government, and that being true there is just as much wisdom in a city owning its water and light plants as there is in owning and controlling the fire department, police force, market houses and hospitals. The patrolling of the city, or the contract for fire protection could be let out to private corporations, but such a thought never enter one's head, yet for the city to control those departments is as much socialistic as the idea of its

owning water and light plants. That we may be fully understood, we would say that The Register believes that Paducah should own the water plant. The franchise given that company provides that the city shall have the option every five years "to purchase said works and all property connected therewith at a fair valuation." But the franchise granted by the city shall not be taken into consideration in the valuation.

The franchise was made a gift to the company with that clause in it, and we believe that clause to mean what it says, for the water company has enjoyed every privilege given it ever since the gift from the city of the franchise, and twelve years ago when the city proposed to buy the plant a hundred thousand dollars or so was added on for the franchise. The city made a mistake in not going into the courts and forcing the company to deliver the plant in accordance with the terms of the franchise.

These are the terms and conditions upon which the city of Paducah should purchase the plant, and if the company refuses to sell and the courts decide that the city cannot buy at a fair valuation exclusive of the franchise, then the city should erect a plant of its own. For a few years it might be an expense to the city, but as the fire plug contracts expire the city will profit by it and in a few years will have a fine revenue from that source. Already steps are being taken by well known property owner and in a few weeks' time an organization will be in the field to give the public facts and figures on the subject of water and lights, and before many months even the most skeptical will be convinced that the most important movement that can be organized, maintained and supported is that one having for its object the municipal ownership of a water and light plant and to see that for every franchise hereafter granted the city shall have a percentage of the receipts. That a vigorous fight will be put up by the corporations is anticipated and means will be forthcoming to carry forward the work in hand to a successful termination. Great deeds are not accomplished in a day, and defeats must be expected, but in a matter of this kind victory will eventually come. And if any stockholder of the local corporations thinks that every man who favors municipal ownership of water and light plants is a socialist, he will find that Paducah has thousands of that class. Such bosh has no effect on men who study questions and is often but cheap talk coming from men who would deny his fellow-citizen the benefits that invariably accrue to a city owning water and light plants.

STREET SPEAKER.

Walter Thomas Mills Spoke to Large Crowd Last Night.

Mr. Walter Thomas Mills, a labor speaker, last night addressed a number of people at Fifth and Broadway, using for his subject, "Suicide of Capital." He is a very strong and forceful talker and held those there in close attention for an hour or two. He travels over the country making talks of this nature. He is a man about 50 years of age and well posted upon the issues of the day.

OTHER DIRECTORS

MANY FROM NEIGHBORING TOWNS INTERESTED IN HORSE SHOW.

Assistants From Those Communities Have Been Chosen to Help Promote the Affair.

Not only will the coming Horse Show be an affair of local interest, but will naturally be one attractive to the surrounding cities, because in promoting the event the Paducahans behind the move have selected directors from every town in the neighboring country. These gentlemen will take a hand in the management of things just the same as those here in this place, and present prospects indicate one of the most successful shows ever given anywhere in the country for a place of its size. The directors of here have sent notices to the outside towns informing the favored gentlemen that they had been designated to help in carrying the project through, and as most of the outsiders have spoken most favorable to the idea, and promised to do everything possible for its success, indications are of a most flattering nature.

The outside directors, together with their home place, are as follows: Murray—John Y. Mills, Chas. H. Bradley, M. M. Fair, Solon Higgins, R. T. Farley, Walter Kelley, Thos. Farmer, Ewing Haley, Daniel Morris, J. H. Radford, Dr. H. W. Keidel, Wm. Byman, Nat Ryan, Jas. T. Farmer, Robert Farmer, Nat Gibbs, Nace Butterworth, Cates Butterworth, Will Bogard, Ewing Farmer, Ed Farmer, J. J. Hine, E. D. Hunt, Frank Beauman, Frank Miller, Wm. Purdom. New Concord, Ky.—J. M. Meadow. Hazel, Ky.—Dr. W. M. Mason, T. W. Thompson.

Wadesboro—Dr. G. H. Covington, E. Covington, W. R. Ryan. Kinksey—Dr. C. D. Guyles, Chas. E. Clark.

Linn Grove—John W. Crawford, Dr. C. N. Crawford, I. W. Broach. Benton—Peter Eley, Put Stille, Dr. V. A. Stille, Dan Thompson. Blandville—Gus Barnett, J. L. Turk Hall Bros., Tom Campbell. Clinton—Dr. Richmond. Lovelaceville—Butler Huggins. Smithland—Lacy Hibbs. Barlow—J. H. Moore. Jordan—C. G. Alexander. Fulton—Dr. J. M. Alexander, C. W. Fowles. Hickman—Al Farris. Mayfield—G. W. Coulter, Joe Landrum. Wickliffe—T. G. Blankenship. Martin, Tenn.—H. H. Lovelace.

CHANGE IN LEAD

MISS MAY V. PATTERSON HEADS LIST FOR CARNIVAL GOLD WATCH

The Balloting Yesterday and Last Night Was Heavier Than For Any Preceding Day.

A change in leadership for the handsome gold watch was effected yesterday in the balloting for the beautiful prize to be given away by the Paducah Traveling Men's Carnival association, as now Miss May C. Patterson is at the head of the list, while for several days past Miss Lillie Mae Winstead had carried that honor.

The voting was heavier yesterday and last night than for any previous time, but the total number of votes received will not be published until the figures are pretty high. The committee in charge believes this an excellent idea to continue the unprecedented interest, and at the proper time will let everybody know just exactly what their friends have received.

The standing as reported last night was as follows: Miss May V. Patterson, Miss Pearl Griffith, Miss Lillie Mae Winstead, Miss Frances Herndon, Miss Ernie Latham, Miss Tina Brown, Miss Myrtle Decker, Miss Linnie Beades, Miss Ollie Crandall, Miss Minnie Terrell, Miss May Owen, Miss Mouma Hopkins, Miss Mary Lou Roberts, Miss Ruby Corbett, Miss Blanch Hill, Miss Emma Neihans, Miss Frances Terrell, Miss Lizzie Sinnott, Miss Willie Ogilvie, Miss Ella Hills, Miss Corne Grundy, Miss Minnie Bliz, Miss Clara Bell Miller, Miss Jessie Byrd, Miss Happy Newell, Miss Mary Grogan, Miss Hattie Terrell, Miss Marjorie Scott, Miss Emma Mix, Miss Carry Blythe, Miss Julia Kanata, Miss Allie D. Foster, Miss Grace Trawalla, Miss Mary G. Cummins, Miss Floyd Swift, Miss Ella Householder, Miss Louise Campbell, Miss Irene Bruner, Miss Nannie Cullom.

Alley Scrap.

Jim Dunlap, negro, tied up with another darky down about Maiden alley on lower Court street last night. Officers Johnson and Hessian came along and tied onto Dunlap, who did not get loosened until they cut the string and put him below.

THE RACKET STORE

Whys and Wherefores.

IT HAS ALWAYS BEEN THE POLICY OF THIS HOUSE TO GIVE THE VERY BEST VALUES FOR THE MONEY. FOR MORE THAN FIFTEEN YEARS OF STOREKEEPING IN PADUCAH WE HAVE DEMONSTRATED THE ADVANTAGES OF CASH BUYING AND CASH SELLING, AND THE PATRONAGE WE ENJOY PROVES THAT PEOPLE APPRECIATE A GOOD ARTICLE AT A LOW PRICE. TO START WITH, GOODS MUST HAVE MERIT; THEY MUST BE GOOD GOODS AND PRICED RIGHT. THE CASH SYSTEM ENABLES US TO DO THIS.

Our New York Connection.

IN ORDER THAT WE MAY SERVE THE PEOPLE BETTER, OUR CHAIN OF STORES, KEEP A MAN IN NEW YORK EVERY DAY IN THE YEAR WHOSE BUSINESS IS TO WATCH THE MARKETS AND SEND US THE BEST VALUES THAT FIND THEIR WAY INTO THIS CITY. WON'T YOU TAKE A LOOK? WE ARE ALWAYS GLAD TO SHOW YOU.

Purcell & Thompson.

407 BROADWAY.

BIBLE CLASS

EVERYBODY CORDIALLY INVITED TO PARTICIPATE IN THE STUDY.

Some Interesting Tennis Games Being Played Upon the Association Courts at Present.

Especially interesting services will be held this afternoon at the meeting of the Bible class at the Young Men's Christian Association, and a cordial invitation is extended to every man, either Paducahan or stranger, to come and join in the study. General Secretary Godfrey is one of the most apt students of the Bible ever residing here, and personally conducts the class which has built up to unusually large proportions, and holds services each Sabbath afternoon that are interesting in the extreme.

Debating Club.

General Secretary Godfrey expects to begin organizing the Debating club of the association some time next month, and outline their meetings and entertainments for the winter months.

Tennis Played.

In the two sets played by Palmer and Palmer vs. Bleacher and Adams at the Y. M. C. A. courts yesterday afternoon the Palmer boys were the victors; in the first game by a score of 7 to 5 and in the second by a score of 6 to 4. Every game was a battle and all excepting one or two were duces.

Next week the young men and ladies who play on the Y. M. C. A. courts will organize some regular teams to play on the grounds at certain times and have it arranged so

the different teams can play match games. In the first court Raymond Palmer and Will Bell played Thomas Newell and Edwin Randle. Newell and Randle won by a set score of 2 to 1.

Warren Sights played Jack Bleacher in a couple of single sets and the score was 1 and 1 when they quit so that doubles could commence.

On next Friday afternoon the Sophomores, Newell and Randle, will play the Junior champions, Hailey and Yeiser, for the championship of the high school on the Y. M. C. A. courts at 3:30 sharp.

Mr. Adams, who played against the Palmer boys yesterday afternoon, made some star plays. He is left handed and handles the racket as prettily as any player in the city.

Visitors are allowed to come and see the games on the Y. M. C. A. courts.

QUARANTINE TROUBLE.

Reported That Capt. Farnley Was Locked up at New Madrid, Mo.

Dispatches from New Madrid, Mo., state that that town is quarantined against all steamboats that have been down the Mississippi river towards the yellow fever district, and will not let the craft land, but that Friday the towboat Beaver arrived there and Captain Frank Farnley and four men tried to come ashore in boats, but were met by Marshal Richards and deputies who warned them to keep out of town, as their boat came from below Memphis. The reports say trouble started, the steamboatmen were locked up, and then fined. Captain Frank Farnley is captain of the boat and resides here in Paducah, but it may be he is not the one who went ashore and got locked up, as Memphis dispatches say it was Captain Riggs, and that the latter was fined \$6.95. The Beaver anchored in midstream and the crew started ashore.

Didn't Care for Ornaments.

(Woman's Home Companion.) Joel Chandler Harris tells a story of meeting a man at breakfast in a New Orleans hotel who was searching the bill of fare for something he had never eaten. He in some way decided that waffles was the item for him, and from that time forth he kept the waiter busy. The flavor of the novel dish appeared to make a hit with him, and so great was his power of consumption that he had the waiter hustling from table to kitchen and vice versa. Indeed, says Mr. Harris, the waffles didn't come fast enough. Finally the man called the waiter to his side, and in a confidential way made the following hopeful suggestion: "Say, bub, you might be able to hustle them little cakes along faster if you would tell the cook to cut out the printing on them. Tell him just to send 'em along plain."

The Best Kind of Waiving.

(Washington Star.) "Didn't it do you good to see the people waving flags and handkerchiefs in our honor?" said one Russian diplomat. "Yes," answered the other. "But it did me more good to see Japan waiving the indemnity."

Watch Gone.

Ben Taylor, alias Walter Bogds, colored, was arrested yesterday by Officers Terrell and Cross on the charge of stealing a \$35 watch from P. Anderson. The latter claims that Taylor took the ticker from his pocket. The accused was arrested on South Seventh street and locked up on being unable to give bond.

The tobacco growers of the Clarksburg, Tenn., district will hold an anniversary meeting at Guthrie, Ky., on the 23 inst.

The Kentucky state fair opens Monday at Lexington and continues the week.

KEEP A'COMING

HEALTH OFFICER GRAVES ISSUES ABOUT ONE HUNDRED EACH DAY.

Situation South Does Not Seem to Improve and Thousands Continue to Flee Northward.

Health Officer William Graves continues very busy at his office on the second floor of the city hall, daily issuing health certificates to parties desiring to travel through portions of the country that are quarantined on account of the prevalence of yellow fever.

Yesterday Dr. Graves said that there seemed to be no end of the issue of the papers, as the rush continues daily just the same as the first day the office was opened, as every morning when he gets down to the public building there is always a large crowd of parties on hand waiting for him to give them the proper certificates that will get them through the quarantine lines down South. On going over his books he estimates that he has issued on an average of about 100 certificates per day since the bureau was inaugurated about six weeks ago. Considering the certificates issued by the other health officers, county and state, and his predecessors, Dr. Graves believes that about 7,000 altogether have been issued thus far.

Cairo has "smoked up" again with a little dope, and put two more inspectors on duty to see that nobody breaks into that town and falls over in the sipe holes filled with water.

Reports from the South show that more cases daily break out in New Orleans, while thousands continue to come North to get out of the infected country. Dr. Graves has not yet heard of any of the cities or towns withdrawing their quarantine, so this means that certificates will have to be had by everybody going to any of the cities, as when the epidemic first broke out in the Crescent city.

MAYFIELD FIRST.

State President Head, of Eagles, Will Organize That Town First

State President Louis P. Head, of the Order of Eagles, expects to leave for Mayfield next week to prepare to organize a branch of the secret order at that place. That city will be the first in which he will install subordinate bodies, while from Mayfield he goes to Fulton on a like mission, then to Princeton and last to Hopkinsville.

Urgent requests have come from all these places that branches of the organization be placed there, and the state president will immediately comply with their wishes.

Louisville Races and Horse Show

For the above occasions, the Illinois Central Railroad company will on September 15th and 16th, sell tickets to Louisville and return for \$3.95, good returning until October 9th, and on September 17th to 30th inclusive, at the same rate, good returning three days from date of sale, and on October 1st to 7th inclusive, good returning until October 9th.

THE SCHOOLS

NEW ROOM TO BE OPENED MONDAY AT WASHINGTON BUILDING.

Miss Morgan to Be Able to Take Her Class Monday—Prof. Sugg Still Ill.

Miss Blanche Ingram has been selected to teach in the new first grade room at the Washington building and starts in at her duties tomorrow morning. This is the class that was made necessary because of the over-crowded condition in the first grades at all the schools.

The grade will be placed in the room heretofore occupied by Superintendent Lieb as his private office at the Washington building on West Broadway. The superintendent has now moved over into the board of trustees room, desks being put in his office for the pupils. In making up the room 14 first grade, division B pupils, will be transferred to that building from the Jefferson school at Eighth and Harrison streets. Sixteen more of the Jefferson pupils will be put in another room at the Eighth and Harrison building, and the overflow for that first grade gotten rid of. Miss Jessie Byrd teaches there. The superintendent will take many of the first grade, division B pupils out of this grade at the Washington building, where 71 have entered. These will be transferred over to the new room, and when done the additional grade will have something like 40 scholars.

Miss Ingram is the only regular substitute in the schools, and was chosen for this position by the committee that has charge of employing the instructors. Their action will be ratified by the full board at its next session.

Suffered Relapse.

Supt. Lieb yesterday morning received a letter from Prof. W. H. Sugg, in which the latter stated that he had suffered a relapse of his spell of typhoid fever while over at Madisonville recuperating, but that he was now able to be up again. Notwithstanding not being confined, as he said, he would not be able to return here and take charge tomorrow of his room at the Franklin building where Miss Emma Morgan was in charge after opening of school, until a few days thereafter when she herself took sick. Mr. Lieb than got Professor Marvin Ragsdale, superintendent of county public schools, to take charge of Prof. Sugg's room, and that official will continue supervising the work this week until the regular incumbent arrives.

Start English Tomorrow.

Tomorrow morning the pupils of the high school will take up their study of English which they have not entered into yet this year because the instructor, Miss Emma Morgan, on opening of schools, had to take charge of the Franklin building on account of the sickness of Prof. Sugg. Miss Morgan then herself took sick, but will probably be able to start her work tomorrow morning.

Not Yet Figured.

The principals of the different buildings have made reports to Supt. Lieb of the work for the past week, but their statements did not include figures whereby the attendance can be gotten at, showing the number of scholars in each room for the past week. The enrollment has been very good though, interest in work excellent and Supt. Lieb believes that a good school year is before them.

NOT YET DECIDED.

Mr. Bagby Does Not Yet Know When Trustees Will Meet.

President E. W. Bagby, of the Carnegie library, does not yet know what night he will call the board of trustees together this week. He has been slightly ill for the past few days and hardly able to attend to anything. The list of new books to be ordered has about been completed, and requisitions for same will be sent forward shortly to the supply houses.

Installment House.

New 5-room house, North View addition, near car line. Good lot; \$1,350, \$150 cash, balance \$20 per month. Better buy a home than rent. Whittemore Real Estate Agency, Fraternity building, Both phones 835.

WAS LET OUT

OBION OPERATOR SHOULD NOT HAVE LET TRAIN GET BY HIM.

Block Signal System Between Louisville and Cecilia Working All Right—Delegates Returning.

Although there has not yet been fully completed at Fulton the investigation into the 'Obion, Tenn., wreck of week before last, still the Obion operator who let the southbound train go by him has been relieved from his position and another installed. Conductor Starr Milam was exonerated at the outset and is now in charge of his run, while Engineer Armstrong has not yet been able to leave the railroad hospital and go to Fulton to give his testimony. When this is done it will then be decided whether he is in any way to blame for the terrible mishap that cost four people their lives. The hospital surgeon is now confident that he can save the injured foot of Armstrong, who was badly hurt.

Working Fine.

The block signal system between Cecilia and Louisville on the Louisville division, is working finely and giving satisfaction since it was opened last week. The laborers are fast completing the system on down as far as Central City, but it will be some weeks yet before this is accomplished. When completed down to that point it means an unbroken service all the way from Louisville to Memphis.

Conductor Returning.

Conductor Burkham, of the Illinois Central, is expected back the last of next week from Chicago, where he went to attend the meeting of the adjustment committee for the Brotherhood of Railroad Conductors. He is a member of the body that is composed of one delegate from each division of the system.

Comes Back Tonight.

Tonight Mr. J. C. Martin will get in from Cleveland, Ohio, where he has been attending the national convention of Master Car Painters for railroads.

SAD MEETING

VETERANS HAVE LOST TWO GOOD MEN SINCE LAST SESSION.

Something Be Done Towards Selecting Successor to John Grief—Monument Question Up.

Tuesday evening the James T. Walbert camp of Confederate veterans will hold their monthly meeting at the City Hall police court room. It will indeed be a sad assemblage of the surviving soldiers, as since their last session there has departed into the Great Beyond, two of their best known and most zealous members, Major Thomas E. Moss, ex-commander of the post, and Mr. John V. Grief, adjutant when his eyes closed in lasting sleep. At this gathering committees will be selected by the presiding officer for the purpose of drafting suitable resolutions of respect to memory of the respective dead.

Some step will also be taken at the session to elect a successor to Mr. Grief, who served for a long term of years as adjutant of the organization, and discharged the duties of that office in a manner that will be hard for his successor to duplicate. He never missed a meeting, was always alive to the needs and business of the body, and made an ideal official.

Another question to be taken up during the evening will be that regarding construction of the handsome monument upon the Carnegie library lawn at Ninth and Broadway, out of compliment to the southern women who stood so nobly with a helping hand during the prolonged struggle. The committee selected to look after this question has held several informal meetings, but they last week decided to await a full meeting of the entire camp before taking their initial step.

Contractor William Katterjohn returned yesterday from his quarry at Cedar Bluff.

AMONG COURTS

THE WILLIS MOUNT CASE TO COME UP AGAIN TOMORROW.

Actions Considered Yesterday in the Circuit Court and More Convictions—Other Tribunals.

Tomorrow there will be decided whether or not the Willis Mount killing case goes to trial this term of the criminal docket in the circuit court, as at that time it comes up again. It was set for the first of last week, but the accused asked for a continuance on the ground that his main witnesses were absent and that he could prove different material points if they are here. When he asked for the postponement last week the judge issued subpoenas that were sent to different counties for the absent witnesses, in the hope of getting them here. Judge Reed then reset the case for tomorrow, and when he reaches it on the docket will decide whether to grant the continuance or go to trial.

Two other charges are set for tomorrow, one accusing Percy Williams, colored, with breaking into the storehouse of another and stealing articles therefrom, while Aleck Yeltima and Harry Phillips will get their hearing of the proceeding accusing them of stealing a watch from J. E. Warford.

Yesterday's Judgments.

Sue Eggleston was yesterday fined \$40 and costs for conducting a bawdy house, while the same penalty was assessed against the following for similar offenses: Ella Howe, Mallie Neal, Mallie Grooms, Lucille Agnew and Nellie Pope.

Rufe Minor, colored, made a motion for a new trial of the case where he got three years in the penitentiary on the charge of maliciously assaulting the late James Crow aboard the steamboat Dick Fowler several years ago.

A sentence of one year each was given Charles Johnson and Thomas Baker, both colored, for cutting Greathouse Cheatham, also colored, out about Ninth and Washington streets, where they had a squabble over Cheatham claiming the Johnson man stole his watch and money.

The court ordered that Robert White, colored, be confined in the county jail for a period of one month for stealing some brasses.

J. Hardin Ford was fined \$50 and costs for shooting Charles Elmore through the hand while in a friendly scuffle one night.

Douglas Pryor was released from jail, giving \$300 bond to guarantee his appearance. His case is set for the 15th day of the term, he being accused of maliciously cutting another.

No Report Made.

The grand jury did not make any report yesterday, but adjourned over until tomorrow in order to more thoroughly investigate many cases before them. It is understood that a number of indictments will be brought in, while several charges will be dismissed.

Special Judge.

Hon John K. Hendrick was yesterday still in the chair presiding as special judge in place of Judge Reed, who is confined to his home with an attack of illness.

Civil Actions.

The defendant yesterday filed his answer in the proceeding where Ollie Vlaholeas is suing James Vlaholeas for divorce.

The court ordered that certain funds be distributed among different parties in the suit of P. H. Stewart, administrator, against Emory W. Hobson.

Smithland Court.

The circuit court at Smithland is still in session and will not get through for a few days yet. Judge Gordon expects to bring it to a close the middle of this week.

Bankrupt's Petition.

Yesterday a petition in bankruptcy was filed with Clerk John Putney, of the federal court, by James W. Gregory, of Fulton. He gave \$548.45 liabilities and no assets.

Magistrate's Court.

Tomorrow morning Justice Jesse Young takes up his monthly term of

BUGGY FACTORY

WILL NOT BE ABLE TO BEGIN OPERATIONS FOR A FEW DAYS.

Meeting to Be Held This Week by Commercial Club to Consider Wheel Plant.

President John V. Hardy, of the Hardy Buggy company at Ninth and Harrison streets, yesterday found that they would be unable to get started tomorrow on account of so many different things coming up in getting the final details ready for operation. First one thing turns up and then another around a big plant like this will be until he finds it will be at least the middle of the week before they will be able to start.

Mr. William Hardy, the secretary and treasurer of the company, has arrived here from Cincinnati to take charge of the office, while Mr. E. H. Bell, the traffic manager, has also come to take charge of his department. About fifteen foremen and other attaches are here pushing things to completion.

Branch Establishment.

Mr. David Desberger is in Vincennes, Ind., managing the branch establishment he and his brother, Mr. Joe Desberger, have opened there, and is doing a general clothing and furnishing business. Mr. Joe Desberger remains in charge of the main house here.

Roof Nearly Done.

Mr. John C. Marcet, the sheet iron and metal worker, has returned from Cairo, where he is putting the roof upon the new building being erected there for Cairoites by the Paducah construction company, composed of Messrs. Chamblin, Davis & Dunlap. The structure will be completed by the middle of next month.

Telephone Sale.

Judge Walter Evans, of the United States court at Louisville, has not yet confirmed the sale made here by Special Commissioner Bagby of the People's Independent Telephone company to the Paducah Home Telephone company. The commissioner, pursuant to federal court orders, sold the local plant for \$80,000, and mailed his report of the transfer to Judge Evans. Mr. Bagby then asked the court to confirm his sale, and this motion to that effect was set for trial tomorrow morning before Judge Evans at Louisville where Mr. Bagby intended going today. He has now received word not to come, as Judge Evans has continued everything until September 25th, at which time he will hear exceptions to the sale, if any there be, and if not confirmation of the transfer will be ordered and the deal effected. The plant was sold through the court only for the purpose of legalizing the sale.

Mass Meeting.

Sometime this week there will be held by the Commercial club a mass meeting for the object of laying before the members and other business men the project to raise \$10,000 to subscribe for the bonds that the promoters of the steel wheel factory want to float here in locating their institution. They will have no trouble in getting up the sum, and when it is gotten up Messrs. Raum and Carroll will come here to close the negotiations for placing the institution here.

Excellent Condition.

National Bank Examiner R. D. Garrett, of Princeton, has been here the past few days examining the First National bank of this city, preparatory to renewing the charter of the leading institution, which is the strongest bank in the state outside of Louisville. The bank was chartered by the federal government October 10, 1865, and this grant renewed twenty years later, when another twenty year franchise was given, and now this last one expires the 10th of next month, and the examiner is looking over the condition of affairs in arranging to grant another renewal.

The Paducah bankers are preparing to attend the annual convention of Kentucky bankers that will be held at the Galt House in Louisville, October 4 and 5th.

Magisterial court at his office on Legal Row.

Purity In Prescriptions.

A prescription may be compounded so accurately, by experienced prescriptionists, with the highest degree of carefulness, yet if the drugs are not pure it is worthless—dangerous. No matter where you go, you cannot find purer drugs, prompt service or more skill than we use in filling your prescription. You'll be satisfied with the prices, too.

And, then, we told you to "take 6 months"

Then we Said: "take 9 months"

and now we say

Take A whole year

in which to pay for a Great Buck's Steel Range

What do you think of an offer like that? No store could think of making these terms unless they had a range back of them like the Buck's---a range that will not only please and satisfy, but one that will make you an enthusiastic and everlasting friend for us.

We put a Buck's Range, Cook Stove or Heater up in your kitchen or parlor, right away, and you pay for it just as you can afford. That surely shows our confidence in Buck's.

There are no strings tied to this proposition at all---it is just as we say.

Outside of having every good feature that any range in the world possesses, the Buck's have these exclusive features:

WHITE ENAMELED CAST OVEN DOORS, PLATES AND RACKS. YOU CAN KEEP YOUR OVEN AS SWEET AND CLEAN AS A CHINA DISH.

HEAVY LIDS AND CROSS CENTERS, CONSTRUCTED WITH THIN HEATING RING. THE HEAT OF A MATCH WILL HEAT A BUCK'S LID ALL THE WAY THROUGH.

BUCK'S COOK STOVES AND RANGES HAVE A CORRUGATED CAST TOP OVEN PROTECTION. NO OTHER RANGE HAS THIS. YOUR OVEN CAN'T BURN THROUGH.

THE ASBESTOS SUPPORT IS IN AN OPEN

CAST PRET-WORK FRAME. A MOST EXCLUSIVE FEATURE.

ALL RAW EDGES OF STEEL ARE COVERED WITH ASBESTOS AND CAST PLATES. PRACTICAL MEN BEST UNDERSTAND THE VALUE OF THIS.

FIRE BOXES IN ALL BUCK'S STEEL RANGES ARE CONSTRUCTED TO MEET THE REQUIREMENTS OF LOCAL FUEL CONDITIONS. HOT BLAST FIRE BOX LININGS IN BUCK'S RANGES. THEY MEAN A GREAT SAVING. OPEN THROAT DUPLEX GRATES, REVERSIBLE FOR COAL OR WOOD.

112-114-116 N. Fourth Street,

HARBOUR'S DEPARTMENT STORE NORTH THIRD STREET Half Square From Broadway

In The Theatrical World.

MONDAY NIGHTDavid The Shepherd Boy.
TUESDAY NIGHTPolly Primrose.
WEDNESDAY NIGHT and Balance of Week, With Matinee SaturdayThe Fiske Stock Co.

Great preparations are being made for the forthright opening of The Kentucky theatre, on Monday September 25th, with the big musical extravaganza, "The Rajah of Bhong."

Seats will go on sale Monday morning at 9 a. m. Positively no telephone orders taken until after 10 o'clock, which will be the rule during the balance of the season on all big advance sales, and is done in order that those who line up at the box office window early in the morning will have preference in obtaining the best seats. After the rush is over telephone orders will be taken as usual.

Seats for Miss Carol Arden in "Polly Primrose" will also go on sale Monday morning at the usual hour, giving the patrons a chance to get seats for the two performances at the same time.

Those who were in the labor day parade or standing any ways near Sixth and Broadway, or those who attended the Matinee at the Kentucky on Labor Day, will have the opportunity of seeing their picture thrown on the canvass by a moving picture machine, at The Kentucky beginning Wednesday and balance of the week, with a matinee Saturday.

Polly Primrose.

"Polly Primrose" is the play of that name, which is to be presented at The Kentucky on Tuesday night under the direction of D. L. Williamson, toys with Carlisle, the guest of her father's house, upon her return from college as a kitten with a mouse; and as the kitten does the mouse, keeps him in a state of bewilderment as to what is going to happen to him in the end. The kitten may be presumed to have some pretty clear notions on that particular point in her romp with the mouse; but Polly is quite at sea concerning the outcome of her frolic with Carlisle as that lover of hers is himself. The pretty uncertainty on both sides comes in because their little heart affair is apt to collide at any moment with the war complications that surround the household. Colonel Primrose happens to be in active sympathy with the rebels, even if his home is within sight of the dome of the national capitol and there are little plottings going on under the roof that are expected to help Lee's advance upon Washington. Carlisle confesses to a little weakness for the union cause and that fills the home with apprehensions that he might be tempted in a burst of patriotism to run off to the union camp and make known all he has seen.

So Polly's ingenuity is taxed to the utmost to keep the romance outside the war line and in spite of all

her finesse the tanglement comes. A rival for her hand who is entertained at the house denounces Carlisle as a Federal spy and Polly is enough roused by the accusation to order Carlisle from the house. But it all comes right in the end. Carlisle is freed of the suspicion, his accuser in the sequel steals the colonel's trusty scabbard horse to carry the news of the plottings to Grant, and Polly surrenders to the union lover. Through it all one would never suspect Miss Arden's subtle interpretation of the part, that Polly ever had a serious thought. She laughs her way into all the complications and then as easily out of them again. She is gay without being frivolous; teases without tormenting; light and bright and altogether so captivating a little rogue that everyone is delighted to see her happy at the fall of the curtain.

The World in Motion.

Great interest has been aroused in the coming engagement of The Fiske Stock company at The Kentucky beginning Wednesday and balance of week with matinee Saturday, when The World in Motion will be presented. The main subject of interest of course to local theatre goers will be the moving pictures of the fire department, and other views taken here a week or so ago by the representatives of the company. The local pictures have turned out fine and will positively be shown at every entertainment. In addition there is an excellent collection of foreign and domestic studies, all intensified with mechanical effects and illusions. In order to make the entertainment attractive in every way, the Fiske Stock company introduces several high class concert features, among them being Grace Gilmore, Hamilton, Lyteum entertainer, Miss Lula Konuri, soprano soloist and C. W. Mullen accompanist. The great novelty of the attraction is LaProtea, a Persian sensation that cost \$10,000 to produce originally. It is an act entirely different from anything ever seen here and will cause no end of comment.

What Soldiers Carry.

The Russian soldier is probably more heavily burdened than any other. A foot soldier in the army of the czar carries over sixty-eight pounds. The weights borne by the foot soldiers of the other principal European nations are as follows: French, 62 pounds; British, 62 pounds; German, 61 pounds; Swiss, 59 pounds; Austrian, 47 pounds; Italian, 43 pounds.

M. Lavasseur, the statistician, has succeeded M. Gaston Paris as executive head of the College de France.

COPY OF WILL

TRANSCRIPT OF J. R. SMITH'S WILL MADE FOR COURT PURPOSES.

Several Pieces of Real Estate Transferred and Deeds Filed for Record With Clerk.

Yesterday the county clerk deputies made a copy of the will of the late Captain J. R. Smith for use in the suit now filed by the son Joseph P. Smith, wherein he attempts to set aside a deed of conveyance the heir signed some years ago transferring to his father an interest in property. The copy of the will is quite lengthy and is to be used as a part of the records for the litigation.

Land Transferred.

Property lying on Seventh between Monroe and Madison has been transferred by Master Commissioner Cecil Reed to G. D. Palmer for \$2,000, and the deed filed for record yesterday with the county clerk.

John C. Maret bought from Frank F. Davis for \$10, property lying in the alley running through the block bounded by Clay, Trimble, Eleventh and Twelfth streets.

Mary and Anna Boswell transferred land in the county for \$80 to Charles Kirchoff.

Property out in the county was sold to G. Sanderson for \$455, by J. V. Sanderson.

C. W. Merriweather sold to M. F. Emery for \$1, property on the North side of Jones between Eighth and Ninth streets.

Property in Block 4 of the city was bought by C. W. Merriweather from M. F. Emery for \$414.30.

John Smedley transferred to Frank Levin for \$2,100, property near Eleventh and Burnett streets.

Pushing the Old Folks Aside.

(Atchison, Kan., Globe.)
When the babies are cross and a man would like a quiet retreat there is none for him. But in a few years, when the children are grown and he is in the way, the daughter and mother put their heads together and originate a den. There is no den for the mother because she gracefully eliminates herself by sitting in the kitchen or running over to a neighbor's. It is her natural disposition to hide in a corner or remove herself entirely, and it is not the natural disposition of the father. Hence the den. It has a couch and some pipes and tobacco and the books which the neighbors haven't got around to borrowing as yet, though if father begins a story today the book will be found to be loaned out when he wants to finish it tomorrow. The den is a fashionable way of pushing the old man out. If there is one in your home, Mr. Man, don't be deceived.

NEW STREET WORK

TIME AT HAND WHEN IMPORTANT QUESTION MUST BE SETTLED.

Board of Public Works to Endeavor to Check Improvements Ere Bad Weather.

There is near at hand the crucial moment which will decide whether the board of works has the authority to stop the Kentucky avenue and Jefferson street re-construction work at Fourth on the avenue and Fifth on Jefferson or whether the legislative authorities can compel matters to proceed. One board stands just the reverse to the other upon the subject, and already the legislative officers have turned down the recommendation of the board of works that the operations be stopped at the points mentioned. It is understood that at the proper time though the board of works will set its foot down and stand pat in refusing to let the work go ahead despite the fact that the legislative authorities take the opposite stand.

The time for a final settlement of the perplexing question is near at hand as by tomorrow night the storm water sewerage will have been completed out Kentucky avenue to Fourth street, by Contractor Bridges, who is putting the storm sewers underneath only that portion of these two thoroughfares that are to be paved with brick, that including all the avenue out to Fourth and on Jefferson out to Fifth. Mr. Bridges will then put his men over on Jefferson to put down the sewers from Second to Fifth and while this is going on the brick will be laid on the avenue out to Fourth.

The bitulithic people of Nashville are to put the sewers underneath the avenue from Fourth to Ninth, and under Jefferson from Fifth to Ninth, and then on top the surface of the street from these points goes the bitulithic composition.

Now if the board of works carries out its intention the bitulithic people will not commence at Fourth on the avenue and tear up the thoroughfare for the sewers, while if the legislative authorities control the situation they will have to start this work. Within the next day or two the points will be settled because Bridges will have the sewers all down on the avenue to Fourth by tomorrow night, or Tuesday at the outside, and then decisions will have to be made as to whether the bitulithic people carry the mains on out towards Ninth, or abandon that portion of the work until next spring.

The board of works will at tomorrow night's session of the council again lay the matter before that board

and urge that the legislative authorities coincide with the views of the board of works, because the latter do not believe the streets can hardly be excavated and work started before cold weather is going to arrive and compel work to be stopped and the highways left in a torn-up condition.

Some decision of the controversy will have to be reached in a day or two, because the bitulithic man is here from Nashville to start the work, if ordered, while if he is not to operate this fall he wants to leave for other points where they have contracts.

Chicago a Railroad Center.

(The World Today.)
The twenty-four railway trunk lines which radiate from Chicago amount to 59 per cent, of the railway mileage of the United States, or 120,000 miles of road. The world's greatest railway center communicates with the more than 40,000,000 people of the great basin of the Mississippi, the world's richest valley, and, beyond this natural territory of Chicago's great central market, with the friendly seaboard of the Atlantic, the Pacific and the gulf. No single condition of trade supremacy so appeals to the reason and imagination as the prerequisite of commercial and industrial leadership enjoyed by the metropolis, a condition popularized in this pregnant saying: All roads lead to Chicago.

10c a Week for The Register.

TWENTY-FOUR VACANT POSITIONS IN THE CITY OF PADUCAH

Were filled by Central Business College during the past four weeks, from its pupils and graduates, in Shorthand and Bookkeeping; nevertheless the demand for combined Bookkeepers and Stenographers each month exceeds their supply. Its Graduates have been steadily called for by merchants of Paducah and elsewhere who are aware that "CENTRAL GRADUATES DELIVER THE GOODS." "CENTRAL" is not afflicted with "Textbookitis." Its bookkeepers are in charge of the books of such large Paducah houses as The Scott Hardware Company, Paducah Saddlery Company, Pittsburg Coal Company, and numerous others. Its Stenographers, with firms such as Loeb, Bloom & Co., A. B. Smith Lumber Co., Armour Packing Co., I. C. Ry., etc., etc. "Central" offers the best life insurance for a son or daughter; for once completed, who can rob them of their ability to earn a livelihood? "Central" is the best institution. You know it! If you do not, we hold evidences; and letters, from pupils filling responsible positions here in Paducah and other cities—such as will convince you of anyone else. You know how rapidly Paducah is growing! Don't wait till it's doubled and trebled and then say "IF I HAD ONLY KNOWN." You now know it! You may "take the guarantee" and afterwards apply to us to get you a position, as others have done; but you will not need to say "IF I HAD ONLY KNOWN." You now know it!—That Paducah's Central Business College is the best—the cheapest in the end. If not, you at least know where to get the information. Write for catalogue. Send for one or call and get it. Go and see our graduates. Let them do the talking, if you prefer.

CENTRAL BUSINESS COLLEGE IS NOT A BRANCH OF ANY OTHER COLLEGE---306 BROADWAY. LESS THAN THREE YEARS IN THE FIELD---STEADILY GROWING

WITH EVERY DOSE OF MEDICINE YOU TAKE, YOU NATURALLY THINK—"I WONDER IF IT WAS COMPOUNDED CORRECTLY"—YOU HAVE A PERFECT RIGHT TO THINK IT, REGARDLESS OF WHO COMPOUNDS IT. BUT THERE IS A FEELING OF CONFIDENCE AND SAFETY THAT FOLLOWS THIS FEELING. OUR LABEL PRODUCE THIS.

About All Well.
Keeper William Wheelis, of the pest house out behind Oak Grove cemetery, believes that the three smallpox inmates he has there will be well enough to dismiss within the next few days. They are all convalescing and about recovered from the attack of this disease. One of the inmates is a small negro child who has been there several weeks.

Concrete Celler For Stock Room.
Yesterday and last night laborers were excavating down in the cellar of the South Second street harness salesrooms of the Reliokop establishment, getting out the dirt and putting same in shape for a fine concrete floor to be put down there. Heretofore when storm sewers did not run along that block, the cellars filled with water and were damp, but now that connections are made with the sewers and cellar drained, it will be floored and used for a surplus stockroom.

Shorter Sunday Hours.
Commencing today the health officers will be at the city hall on Sundays between the hours of 8 and 10 a. m. only, therefore anyone wanting certificates will have to apply between those hours.
